Pediatric Difficult Airway Management Course

May 18th & 19th, 2018

Center for Life Sciences Building, 18th Floor, 3 Blackfan Circle, Boston, MA 02115

This course is offered by The Division of Critical Care Medicine; The Department of Anesthesiology, Perioperative and Pain Medicine; and the Simulation Center at Boston Children’s Hospital

This is a multidisciplinary advanced pediatric airway management course intended for practitioners from Critical Care Medicine, Emergency Medicine, Otolaryngology, and Anesthesia.

The course will focus on airway assessment, identification and management of patients with anatomically challenging airways and physiologic derangements, hands-on emergent surgical airway, and training with basic and advanced techniques of oxygenation and intubation.

This course will include state-of-the-art simulations designed by the Boston Children’s Hospital Simulator Program (SIMPeds) using real hospital settings and cutting edge airway devices, facilitated by leaders in the field of pediatric airway management.

Course Co-Directors:

Reza Rahbar, M.D.
Department of Otolaryngology
Pete Kovatsis, M.D.
Department of Anesthesiology, Pain and Perioperative Medicine
Joshua Nagler, M.D.
Division of Emergency Medicine

In support of improving patient care, Boston Children’s Hospital is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Boston Children's Hospital designates this live activity for a maximum of 15.00 AMA PRA Category 1 Credits ™
